Fairbuds XL

249€ RRP incl. VAT

Comes in two Colours: Green & Black

Our modular over-ear headphones are built to last, sustainably designed with fair and recycled materials and pay a living wage to the makers working in our factory. Enjoy superior sound with 40mm dynamic drivers, immerse yourself in music with advanced Active Noise Cancelling and outlast your longest playlist with up to 30h of playtime.

The Fairbuds XL at a glance:

Big sound

40mm dynamic drivers deliver clear highs, warm mids and deep bass.

No distractions

Dive into music with Active Noise Cancelling or let the world in with ambient mode.

Powered to last

Keep the music playing with up to 30 hours of playtime.

Wireless freedom

Seamlessly switch between devices with dual point connectivity.

Superior sound, sustainably sourced

No distractions

Dive into music with Active Noise Cancelling or let the world in with ambient mode.

Wireless freedom

Seamlessly switch between devices with dual point connectivity.

Powered to last

Keep the music playing with up to 30 hours of (exchangeable) battery life.

Big Sound

40mm dynamic drivers deliver clear highs, warm mids and deep bass.

Fair & Recycled materials

Fairbuds XL are made using sustainable materials like 100% recycled aluminum and 80% recycled plastic.

Climate Conscious

New: In designing the Fairbuds XL we've done our best to minimize the impact of our headphones on the climate by avoiding and reducing carbon emissions where possible, as well as contributing to climate projects.

Modular Design

These headphones are so much more than the sum of their parts. Your Fairbuds XL headphones come together from 9 modular spare parts, so you can easily repair them yourself. Good for the planet, easy on your wallet.

Modular Design: Yours to open, yours to keep

Spare parts

Fairbuds XL Headphone Battery

RRP 19.95€

The original Fairbuds XL battery comes with all-day power (800 mAh) and is easy to replace in no time - keep that song playing, you'll barely miss a beat.

Fairbuds XL Speaker to Speaker Cable

Black, Copper
RRP 14.95€

This little cable might seem unremarkable, but is secretly the unsung hero of our Fairbuds XL. It connects both speakers and ensures that big stereo sound you've grown to love.

Fairbuds XL Headband Base

Black, Green
RRP 19.95€

Let's walk through this together: The headband base connects to the headband, which is covered by the headband cover. Head on over to the details below to find out more.

Spare parts

Fairbuds XL Speaker Right

Black, Green

RRP 79.95€

Dance like nobody's watching, but only if both speakers are singing along. Seriously though, this technical marvel is where the sound magic happens and if need be, you can easily replace it yourself

Fairbuds XL Headband

Black, Green

RRP 19.95€

Not enough can be said about this champion of a spare part. Let's just agree that this band puts the head in headphones, holding your Fairbuds XL together and guaranteeing comfort.

Fairbuds XL Headband Cover

Black, Green

RRP 19.95€

With the headband cover's vegan leather cushion comfort, you'll never want to take your Fairbuds XL off

Spare parts

Fairbuds XL Ear Cushion

Black, Green

RRP 14.95€

That snug, comfortable fit you're used to is all thanks to these vegan leather ear cushions. When the time comes to replace them, all it takes is a quick twist, a swap and another twist

Fairbuds XL Earcap Covers (L&R)

Black, Green

RRP 5.95€

As far as earcap covers go, these are about as remarkable as they come. They're made from recycled plastics, protect the inner workings of your Fairbuds XL and look good doing it. Well worth replacing, if it ever comes to it.

Fairbuds XL Speaker Left

Black, Green

RRP 39.95€

Dance like nobody's watching, but only if both speakers are singing along. Seriously though, this technical marvel is where the sound magic happens and if need be, you can easily replace it yourself

Accessories

Fairbuds XL Headphones 1.5m audiojack-to-USB-C cable

RRP 12.95 €

The name of this multi-talent of a cable doesn't leave much to the imagination. It doubles as both a charging cable and an audio wire for cabled listening.

Fairbuds XL Packaging
